

## OFICINA DE LA RECTORA

Carretera a Rodas, Km 2, Cienfuegos, CUBA. CP 55400 • Tel: (53-43) 521521 fax: (53-43) 522762 e-mail: rectora@ucf.edu.cu

The rector of the University of Cienfuegos “Carlos Rafael Rodríguez” has the honor of inviting researchers, students, professors, administrators, business interests and other specialists to the III International Scientific Conference. The conference will take place from October 26 to 29, 2021 in the city of Cienfuegos.

Our home of higher education proposes that our III International Conference be an exchange of knowledge, research and experiences through a series of thematic workshops within the framework of the United Nations Sustainable Development Goals (the 2030 Agenda).

As part of the III International Conference, we will hold the VI Workshop of Strategic Alliances for the Internationalization of Higher Education (TIES 6). The central theme of TIES 6 is the “Internationalization of Higher Education as part of the 2030 Agenda and its contribution to sustainable development.”

TIES 6 will include the following themes:

1. The internationalization of higher education and the sustainable development of society: Local and regional strategies.
2. Integrated solutions and strategies for cooperation by offices of international relations.
3. Sustainable development, academia, culture and scientific work of higher education students.

The event will be an ideal space for future planning of partnerships, research and international program development in an atmosphere of friendship and common understanding.

Necessitated by the current global pandemic caused by COVID-19, this event will be carried out in two modalities: Face-to-face and virtual. In this way, we can expand the possibilities of participation for those interested in socializing their professional experiences.

I hope you will join us.
